**PROGRAM**

## Dear colleagues and participants,

We are honored to welcome you to the Congress "1. School of rational and safe pharmacotherapy with international participation" in Opatija from March 8 to 10, 2024. organized by the Faculty of Medicine in Rijeka (MEDRI) of the University of Rijeka and the Croatian Chamber of Pharmacists (HLJK).

The Congress's goal is to promote rational and safe pharmacotherapy and improve the quality of medical care by optimizing the collaboration between physicians and pharmacists. This is the first congress of its kind in the Republic of Croatia, the goal of which is to improve cooperation and exchange of experiences between doctors and pharmacists in primary and specialist health care, in the public and private health sector.

The Congress is aimed towards specialists and students specializing in various branches of internal medicine, pharmacology, clinical pharmacology, primary doctors, and pharmacists in both hospital and public pharmacies.

### THE TOPICS COVERED:

- Pharmacotherapy of hematologic diseases
- New approaches in treating solid tumors
- Optimization and rationalization of pharmacotherapy
- Pharmacotherapy of diabetes
- Pharmacotherapy of neurological diseases

We look forward to your participation and our common contribution to the success of the Congress.

Respectfully,  
The organizers

Asst. Prof.  
Marko Skelin,
