ENDORSED BY

Dear colleagues and friends,

It is our special honor and sincere pleasure to invite you and your colleagues again on behalf of the Organizing Committee to the 10th Rijeka Forum of Neurodegenerative Diseases organized by the Clinic of Neurology UHC Rijeka, Department of Neurology Faculty of Medicine, University of Rijeka, Department of Biomedical Sciences in Rijeka of the Croatian Academy of Sciences and Arts.

Our goal is to present the latest developments and dilemmas in the field of neurodegenerative diseases with a special focus this year on the regulation of gene expression in neurological disease and neuroimmunology” and other news in neurodegenerative diseases, to improve our daily practical and scientific work. We hope you enjoy the news in this important area of neurology and neuroscience.

We sincerely hope that you will join us and recommend this meeting to your colleagues.

Vladimira Vuletić

.....

10th Rijeka Forum on Neurodegenerative Diseases, September 14-16, 2026, Rijeka, Croatia

the topic: „Neurodegenerative diseases: “Mechanical mechanisms, treatments, biomarkers, genetics, viruses, proteinopathies, neuroinflammation, metabolic dysfunction. and neuroimmunology” will be held on:

University Campus Rijeka, Faculty of Civil Engineering, Lecture hall G-003,004,
Radmile Matejčić 3, Rijeka

Program / 1st day – September 14, 2026

08:30-09:00 **OPENING**

Introduction

Stipan Jonjić, M.D., Ph.D., F. C. A, Emeritus Professor, Head of the Department for Biomedical Sciences in Rijeka, Croatian Academy of Sciences and Arts, Rijeka, Croatia

Vladimira Vuletić, M.D., Ph.D., Professor, Faculty of Medicine, University of Rijeka, and Clinical Hospital center Rijeka, Rijeka, Croatia

Welcome address

Zdravka Poljaković, M.D., Ph.D., Professor, President of the Croatian Neurological Society, Faculty of Medicine, University of Zagreb, Zagreb, Croatia

Alemka Brnčić-Fisher, M.D., Ph.D., Professor, Director, Clinical Hospital Center, Rijeka, Croatia

Josip Španjol, M.D., Ph.D., Professor, Dean, Faculty of Medicine, University of Rijeka, Rijeka, Croatia

Goran Hauser, M.D., Ph.D., Professor, Rector, University of Rijeka, Rijeka, Croatia

09:00-11:30 **I. ALZHEIMER'S DISEASE UPDATES**

Chairmen: Nenad Bogdanović and Elka Stefanova

Alzheimer's disease-next steps

John Hardy, M.D., Ph.D, Professor, Institute of Neurology, University College London, London, UK

Building and sustaining a national dementia trial network: The UK Experience

Catherine Mummery, M.D., Ph.D., Professor, National Hospital for Neurology and Neurosurgery, London, UK

Fluid Biomarkers for neurodegenerative diseases - challenges and opportunities

Amanda Heslegrove, B.Sc., Ph.D., University College London (UCL) and UK DRI Biomarker Factory, London, UK

Aging and Dementia: How Tau and TDP-43 Pathology Translate into Clinical Phenotypes

Nenad Bogdanović, M.D., Ph.D., Professor, Karolinska Institute, Stockholm, Sweden

C9orf72-Associated Neurodegeneration: From Genetic Mutation to Clinical Disease

Elka Stefanova, M.D., Ph.D., Professor, School of Medicine, University of Belgrade, Belgrade, Serbia

11:30-11:45 **Discussion**

11:45-12:00 **Break for refreshment**

12:00-15:00 **II. TRANSLATION IN NEURODEGENERATIVE DISEASE AND MOVEMENT DISORDERS**

Chairmen: Vladimira Vuletić and Cristian Falup-Pecurariu

Impact of genetics in neuromodulation therapy in Parkinson's diseases

Elena Moro, M.D., Ph.D., Professor, Grenoble University Hospital Center and Grenoble Alpes University, Grenoble, France

Clinical phenotyping of 2 new genes for Parkinson's disease

Kailash Bhatia, M.D., Ph.D., Professor, Institute of Neurology and University College London, London, UK

Neuroimmunology and neurodegeneration in movement disorders

Bettina Balint, M.D., Ph.D., Professor, University Hospital Zurich, University of Zurich, Zurich, Switzerland

From Scar to Repair - Defining the Roadmap for Mammalian Spinal Cord Regeneration using Spiny Mice

Mónica M Sousa, Ph.D., i3S-Institute for Research and Innovation in Health, University of Porto, Porto, Portugal

Changing the Course of Parkinson's Disease: Emerging Disease-Modifying Strategies

Angelo Antonini, M.D., Ph.D., Professor, Neurology Clinic Padua and University of Padua, Padua, Italy

Cardiovascular autonomic dysfunction in Parkinson's disease

Cristian Falup-Pecurariu, M.D., Ph.D., Professor, Transilvania University of Braşov, Braşov, Romania

Update on Parkinson's genetics

Andreas Puschmann, MD., Ph.D., Professor, Skåne University Hospital and University of Lund, Lund, Sweden

15:00-15:15 **Discussion**

15:15-15:55 **Lunch and Flash presentation of young researchers**

15:55-16:15 **Blood Biomarkers in Neurology: Translating p-tau217 and NfL from Research to Clinical Practice - sponsored by Roche**

Andreja Emeršič, MPharm, Ph.D., University Medical Centre Ljubljana, Ljubljana, Slovenia

16:15-18:55

III. MULTIPLE SCLEROSIS AND NEUROIMMUNOLOGY

Chairmen: Mario Habek and David Bonifačić

Epigenome as a mediator of risk factors in Multiple Sclerosis

Maja Jagodić, M.D., Ph.D., Professor, Karolinska Institute and Karolinska University Hospital, Stockholm, Sweden

Spasticity management in multiple sclerosis: old concepts, new perspectives

Arianna Sartori, M.D., Ph.D., Ass. Professor, Neurology Unit, Department of Medical, Surgical and Health Sciences, University of Trieste, ASUTs, Cattinara Hospital, Trieste, Italy

Neurodegeneration in Multiple Sclerosis: Towards Novel Therapeutic Approaches

Patrick Küry, M.D., Ph.D., Professor, Medical Faculty, Heinrich Heine University Düsseldorf, Düsseldorf, Germany, and Bern University Hospital and University of Bern, Bern, Switzerland

Multiple sclerosis and ageing

Tereza Gabelić, M.D., Ph.D., University Hospital Center Zagreb, Zagreb, Croatia

Women issues with Multiple sclerosis

Celia Oreja-Guevara, M.D., Ph.D., Professor, University Hospital San Carlos and Complutense University of Madrid, Madrid, Spain

Crosstalk between the autonomic and immune systems in multiple sclerosis

Ivan Adamec, M.D., Ph.D., Ass. Professor, Department of Neurology, Referral Center for Autonomic Nervous System Disorders, University Hospital Center Zagreb, Zagreb, Croatia

Autonomic reserve in multiple sclerosis

Katarina Tešija, M.D., Clinical Hospital Center Zagreb, Zagreb, Croatia

Sudomotor dysfunction in multiple sclerosis

Mašan Sredanović, M.D., Clinical Hospital Center Zagreb, Zagreb, Croatia

Real-world data in MS: bridging clinical trials and practice

Magdalena Krbot Skorić, M.D., Ph.D., Assoc. Professor, University Hospital Centre Zagreb, Zagreb, Croatia

18:55-19:10

Discussion

19:10-19:30

Lecture sponsored by AstraZeneca

David Bonifačić, M.D., Ph.D., Ass. Professor, Clinical Hospital Center Rijeka, Rijeka, Croatia

Mario Habek, M.D., Ph.D., Professor, University Hospital Centre Zagreb, Zagreb, Croatia

Program / 2nd day – September 15, 2026

09:00-12:00 **IV. SELECTED TOPICS IN BASIC RESEARCH OF NEUROINFLAMMATION AND NEURODEGENERATIVE DISEASES**

Chairmen: Ilija Brizić and Marina Babić Čač

Modelling the complex genetics of Alzheimer's disease to investigate endocytic dysfunction in microglia

Natalie Connor-Robson, Ph.D., Professor, University of Cardiff, Cardiff, Wales, UK

Dissecting how inborn errors of immunity lead to neuropathology

Oliver Harschnitz, M.D., Ph.D., Human Technopole, Milan, Italy

Christchurch and COLBOS: Rare Protective Gene Variants in Familial Alzheimer's Disease

Goran Šimić, M.D., Ph.D., Professor, Croatian Institute for Brain Research and Faculty of Medicine, University of Zagreb, Zagreb, Croatia

Microglial priming balances latent virus control and synaptic loss

Ilija Brizić, Ph.D., Assoc. Professor, Center for Proteomics, Faculty of Medicine, University of Rijeka, Rijeka, Croatia

Innate-responsive CD4+ T cells as regulators of neuroinflammation

Marina Babić Čač, Ph.D., Ass. Professor, Center for Proteomics, Faculty of Medicine, University of Rijeka

Decoding OPTN Dysfunction in Neurodegenerative Diseases

Ivana Munitić, M.D., Ph.D., Professor, Faculty of Biotechnology and Drug Development, University of Rijeka, Rijeka, Croatia

12:00-12:15 **Discussion**

12:15-12:30 **Break for refreshment**

12:30-14:50 **V. ALPE ADRIA SECTION AND MOVEMENT DISORDERS (1st PART) TREATMENTS**

Chairmen: Maja Trošt and Nataša Dragašević Mišković

Infusion therapies in PD

Maja Trošt, M.D., Ph.D., Professor, University Medical Centre Ljubljana, Ljubljana, Slovenia

MRgFUS in Movement Disorders

Antonella Macerollo, M.D., Ph.D., Professor, University of Liverpool and Walton Centre NHS Foundation Trust, Liverpool, UK

Functional movement disorders: new approaches

Michele Tinazzi, M.D., Ph.D., Professor, University of Verona, Verona, Italy

The influence of motor and cognitive factors on phenotypic variability in Parkinson's disease

Iva Stanković, M.D., Ph.D., Ass. Professor, School of Medicine, University of Belgrade, Belgrade, Serbia

The importance of eye movements in the diagnosis of hereditary degenerative diseases

Nataša Dragašević Mišković, M.D., Ph.D., Professor, University Clinical Centre of Serbia and School of Medicine, University of Belgrade, Belgrade, Serbia
